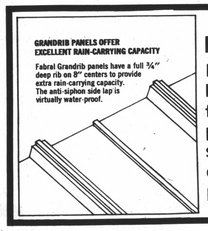
## YOU NAME IT ...WE HAVE IT!



GRANDRIB PANELS OFFER EXCELLENT RAIN-CARRYING CAPACITY
Fabral Grandrib panels have a full ¾" deep rib on 8" centers to provide extra rain-carrying capacity. The anti-siphon side lap is virtually water-proof.

**FULL LINE OF ACCESSORIES.** Everything needed to finish a building . . . flashings, trim, fasteners and translucent panels for skylights . . . is stocked and ready for prompt delivery along with Fabral panels.

**FAST, EASY CONSTRUCTION.** Fabral metal roofing and siding has many advantages not found with other types of building materials. Long, lightweight sheets can be custom cut to length required, reducing erection time and handling. Fabral stocks a variety of aluminum and galvanized nail and screw fasteners for attaching panels to either metal or wood framed buildings. Your Fabral dealer will recommend the proper fastener for your proposed structure.

## SAVE — YOU CAN CONSTRUCT THEM YOURSELF OR WE CAN DO IT FOR YOU.

### PACKAGE

***Mulqueen produces a complete building package. These packages are complete; they are what we give our crews to make a building. The packages are for the contractor, do-it-yourselfer and large poultry and swine concerns who have local available construction crews, but do not have the capabilities of bringing together the wide amount of materials.***

**ALL BUILDINGS CARRY A**
